**RE: ANNUAL WATER COMMISSIONER'S REPORTS**

Gentlemen:

This office is often requested to loan copies of the Water Commissioner's reports by people interested in the run-off records of the various systems. It would be convenient, inasmuch as we cannot let these records leave the office, if we knew who were in possession of copies of these reports. Will you, therefore, kindly furnish this office with the list of those people to whom you ordinarily furnish copies of your annual report other than the three reports furnished this office each year. It is requested, that if possible, hereafter, one copy of the reports be mailed to Dr. G. W. Israelson, Utah State Agricultural College, Logan, Utah.

Very truly yours,

Ed. H. Watson  
STATE ENGINEER
